**EMBASSY OF INDIA
NIAMEY (NIGER)**

Press Release:

The Government of India is extending COVID-19 related assistance to nearly 90 countries, including 28 countries in Latin America and 25 countries in Africa. Some of the African countries receiving the Indian Medicines are Niger, Uganda, Burkina-Faso, Zambia, Democratic Republic of Congo and Mali.

The Government of Niger requested for Medical assistance to fight COVID-19 Pandemic. In response, Government of India has sent Medicines viz Hydroxychloroquine and Paracetamol. The Medicines are coming in two consignments.

In a function held at the Embassy of India, Niamey on 28 May 2020, Mr. Shashi Mohan Joshi, Charge d'Affaires, on behalf of the Government of India, handed over the first consignment of Medicines to Mrs. Sourghuia Mariama, Director in charge of organizing Healthcare in the Ministry of Public Health, Government of Niger. Second consignment is on the way and it would be handed over as soon as it is received. The Medicines are a gift from the people and Government of India to the people and Government of Niger in this hour of need.

Embassy of India would like to convey that the drugs included in medical aid are fully in compliance with WHO guidelines.
